SECOND PRELIMINARY AMENDMENT

Commissioner of Patents
Washington, D.C. 20231

S i r :

IN THE SPECIFICATION

Please replace the paragraph beginning at page 1, line 1 (added by the 11/13/01 transmittal), with the following rewritten paragraph:

--The present application claims the benefit of U.S. Provisional Appln. No. 60/262,366, filed January 19, 2001, hereby incorporated by reference in its entirety. The Danish priority application PA 2000 01683 filed November 10, 2000 is also incorporated by reference in its entirety. In addition, all references cited in those application, or in the present application are hereby incorporated by reference in their entirety.--

REMARKS

The purpose of this amendment is to correct a typographical error in the amendment filed November 13, 2001, namely, the transposition of the last two digits of the Danish priority application. The correct number appears on the cover sheet of the priority document filed February 6, 2002.

It is noted that the Danish priority application and the U.S. provisional application are identical.

Attached hereto is a marked-up version of the changes made
